ABOUT US

OUR STORY

bitgrit is based in **Tokyo, Japan** with the main vision of democratizing the value of **AI through Blockchain**. bitgrit introduces its platform and the AI marketplace to connect data scientists, data providers, and organizations involved with AI technology into a single platform to benefit the industry. The platform ensures that individuals that contributes to its creation will receive the majority of the value delivered from the system.

bitgrit platform is comprised of 2 elements:

- AI Marketplace
- Data Science Network

NATIONWIDE HACKATHON

THE HACKATHON IS AN INITIATIVE TO UNITE HACKERS AND STUDENTS FROM VARIOUS UNIVERSITIES IN MALAYSIA FOR AN INTENSIVE 48-HOUR SESSION THAT WILL ALLOW STUDENTS TO COLLABORATE AND SOLVE A BUSINESS CASE THROUGH THE APPLICATION OF PROGRAMMING.

TIME BOUNDED. TEAMWORK. CRITICAL THINKING.
